Sprint 01 Retrospective

Start Time: 20:30
End Time: 21:30
Venue: Google Meet

1. How would you describe the sprint 1 in one word:
     Zaneerah: Efficient
     Imaan: Educational
     Karabo: Rollercoaster
     Raeesa: Fun
     Ammaarah: Eventful
     Tariro: Interesting

2. What was the most frustrating part of the sprint?
     a. Zaneerah: The vendor and planner dashboard mixup
     b.   Imaan: The vendor and planner dashboard mixup
     c.   Karabo: figuring out the deliverables from the rubric
     d.   Raeesa: UI Styling
     e.   Ammaarah: storing the profile picture in the DB
     f.   Tariro: Choosing a tech stack
3. What would **we** do differently
     Seek clarification on the documentation from the tutor earlier in
     the process to avoid confusion and delays.
4. What went well
     The team collectively agreed that collaboration went smoothly,
     everyone worked well together.
5. What didn't go well
     Everyone was still finding their feet, so there were no major
issues identified.
     The main challenge was setting up the React app successfully.

6. What can **we** improve

   There's not much really major to improve, just to communicate better with our tutor.
