Sprint 01 Meeting 3

Start Time: 14:00
End Time: 16:00
Venue: MSB, 1st floor

Notes
- No administrator is needed, therefore that role has been cancelled.
- Vendor can register on their own ,but if a planner wants to use a vendor that isn't registered on the app then the planner can send a token "link" to the vendor they want which will then allow the vendor access to the event details.
- A vendor and a planner should be able to chat to each other, i.e have some chat box
- Side bar for vendor : Profile, Events, Chat, Logout button at the bottom
- First time planner/vendor -> take user to a page to set up their profiles
- Optional future feature: Vendor can scroll down to a "Custom Notes" section
- Messaging feature: Messaging API / whatsapp business account link
